Women's Political Engagement Conference

MONDAY, OCTOBER 26, 2026

The Persist Conference at UC Riverside strives to prepare women for engagement in the political realm. Through inspiring programming, students and community members learn practical ways to get involved in their local community and move the causes they care about forward in the world.

The UC Riverside Office of Governmental and Community Relations, the School of Public Policy, and the Women's Resource Center will present this year's ninth annual conference programming. Attendees at this conference are largely women interested in running for office, working for an elected official or non-profit, or becoming a lobbyist, media professional, consultant, or activist.

Featuring speakers who are active visionaries and leaders in the local political, nonprofit, and activism spaces, the Persist Conference enlightens and empowers attendees to engage in the political arena to create the change they want.

We invite you to consider the exclusive opportunity to serve as a sponsor for the 2026 Persist Conference.
